

Pan è una collezione modulare di cubi e parallelepipedi all'interno dei quali sono scavate ampie sedute. Gli elementi della collezione possono essere liberamente combinati tra loro seguendo le forme geometriche, e corredati di pouf giganti di diverse altezze, così da creare giochi volumetrici irregolari. Linearità e spigoli netti caratterizzano Pan, collezione imponente e monolitica.

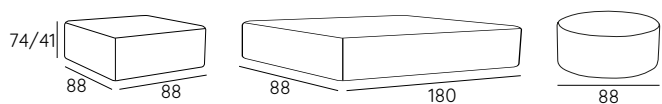

- 1 - fibra di dacron® 100 gr;
- 2 - poliuretano espanso indeformabile di diverse densità;
- 3 - telaio in multistrato di legno di abete;
- 4 - piedi in PVC.

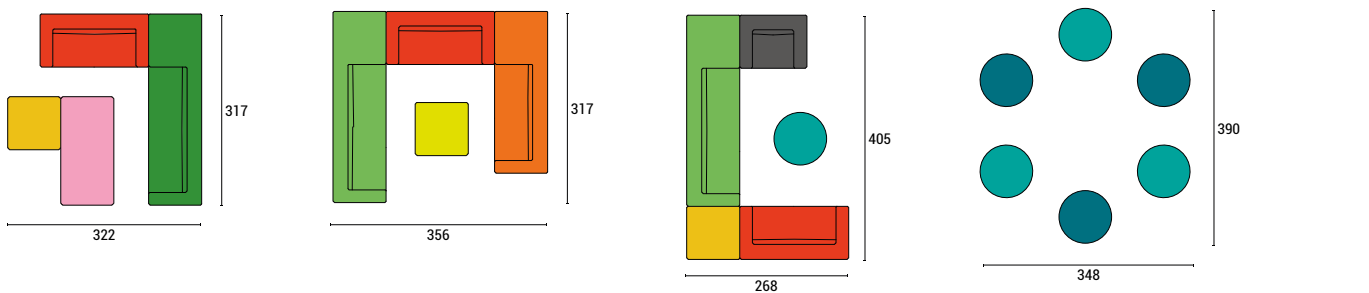

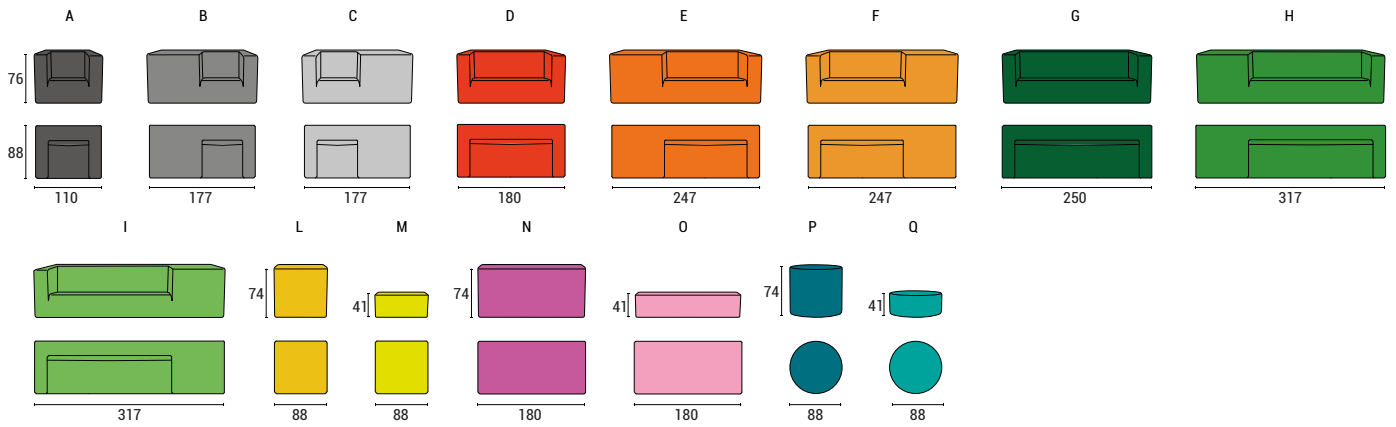

DIMENSIONI:

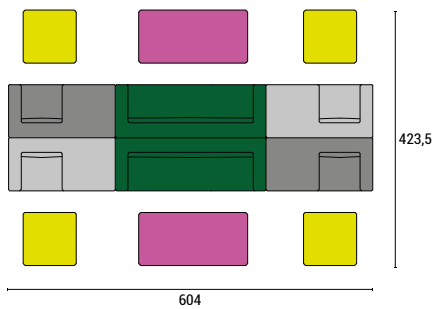

Pouf

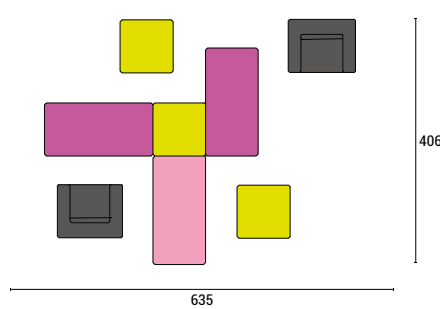

COMBINAZIONI SUGGERITE:

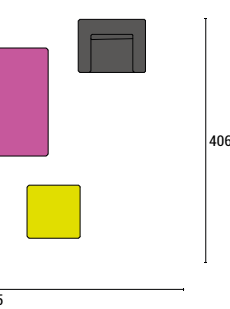

A 1XD 1XL
1XH 1XO

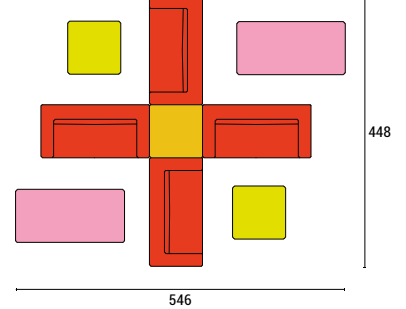

B 1XD 1XI
